Driftwood Players

The Drowsy Chaperone

number after another.

An affectionate tribute to American musical comedy of the 1920s, *Drowsy Chaperone* is the story of a middle-aged, antisocial musical theater fan who plays the record of his favorite musical, the 1928 hit *The Drowsy Chaperone*. The show comes to life onstage as he wryly comments on the music, story, and actors.

Financial Seminars

Generational Wealth

Avoiding the Three Reasons Families Fail to Transfer Generational Wealth

In 1776, Scottish economist and philosopher Adam Smith penned one of the most influential books on economics and wealth, *The Wealth of Nations*, in which he laments the failure of families to successfully preserve wealth: "Riches, in spite of the most violent regulations to prevent their dissipation, very seldom remain long in the same family."

Michael Miller and Michael Quigley, from Capital Planning, will explore some of the root causes for the systemic failure that threatens generational wealth and what separates successful families from those that fail to preserve their wealth. A framework will be provided that you can adopt and customize for your own family, as well as valuable tips on how to apply some of the secrets to wealth preservation.

Capital Planning, LLC, is an SEC-registered investment adviser. The content of the seminar is not sponsored or endorsed by The Boeing Company and is intended for educational purposes.
