The Piano Guys

The Piano Guys seamlessly blend elements of classical and pop music, earning an international fanbase with original online music videos.

But it's the Guys' highly original blend of classical music with pop really caused the phenomenon, culminating in a self-titled debut album released on Sony Music Masterworks in 2012.

Challenge Air Fly Day

Challenge Air offers motivational, inspirational, and life-changing experiences to physically challenged and seriously ill children and youth through aviation events across the country.

At each Fly Day event, volunteer pilots use 20 to 25 privately owned planes. One of the main goals is to allow each child to participate in an actual flight as a copilot, so they may have a chance to see the world from a different view. The pilots spend quality time with their young copilots, and the children are often encouraged to take the controls to fly the planes themselves.

There will be face painting, clowns, lunch, service animals, and much more. Sign up to help with this incredible event. We will need greeters, check-in help, support for staging families before the flights, and much more.
