737 MAX Safety Briefing for Retired Boeing Managers

The Boeing Company is the state's largest private employer in Washington today thanks in part to the hard work and dedication of BLN retirees. As a long-standing partner in Boeing's success, BLN retirees have likely felt the impact of the two 737 MAX crashes.

At the special breakfast event John Hamilton, chief engineer for Boeing Commercial Airplanes, presented some background and history on the development of the 737 MAX as well as the engineering solution Boeing presented to the FAA and the return-to-service plan.

Before covering the 737 Max details, Hamilton stated in several ways that SAFETY is the number one guiding principle in Boeing's plans.

Paramount Theatre

The Hard Nut

THE HARD NUT is a cascade of wit and wintry beauty. It's a lavish, gender-bent love letter to the classic The Nutcracker.

Based on E.T.A Hoffman's The Nutcracker and the Mouse King, Mark Morris' version takes it from the straight-laced 1890s to the swinging 70s, with raucous parties, dancing G.I. Joes, whimsical costumes, and a Waltz of the Snowflakes like no other. Based on the comic book art of Charles Burns and featuring Tchaikovsky's complete original score, performed live by a 53-piece orchestra conducted by Colin Fowler, Morris' lyrical, modern retelling playfully preserves the warm spirit of an essential holiday tradition.
