Financial Seminars

Estate Planning and Tax Update

Getting Your Core Documents in Order

Every day, approximately 6,927 people in the United States die without a proper estate plan. In addition to dealing with their grief, families may also have to struggle through the process of probate and distributing assets without the benefit of the deceased's instructions.

In this seminar, Michael Miller, of Capital Planning, and guest speaker Doug Phillips, of Phillips Estate Law, will cover the intricacies of estate planning, such as whether or not to use certain types of trusts and how to protect certain estate assets from creditors, minimize exposure to estate taxes, maximize income tax deferral of IRA accounts, and ensure life insurance proceeds and IRA accounts pass to the intended beneficiaries. Discussion will also include choosing a power of attorney, trustees, personal representative, and guardian, as well as communicating and preparing beneficiaries for their inheritance.

Note: Lunch is provided. *Capital Planning, LLC*, is an SEC-registered investment adviser. The seminar content is not sponsored or endorsed by the Boeing Leadership Network or The Boeing Company and is intended for educational purposes only.
