Retiree Meeting

Join us for our regular AIAA Retiree's session, recently held via Zoom online but soon to include a hybrid on-line/in-person meeting at the Museum of Flight. In our January event, we will hear from Boeing's Senior Tech Fellow Kevin Bowcutt about what work Boeing's is doing with hypersonic flight. Please join us to hear about this interesting part of the future of flight.

Registration is required - [Please click on this link to register](#). Connecting from a computer that has the Zoom software installed would be useful so you can see and hear the presentation. If your computer has a camera (so we can see you), and a microphone (so we can hear you) that would be best. Connecting sound via phone is also an option if that works better for you than using a computer microphone and speakers. [If you need help registering or connecting, please contact KarlR@SeaAIAAretirees.com](#)
