Museum of Flight
American Institute of Aeronautics and Astronautics
Retiree Meeting

Join us for our second AIAA Retiree's off-schedule summer session, temporarily held via Zoom online until Museum of Flight meetings can again be held in person. This second of three meetings is being held this summer to capture the history of commercial aviation as shared recently (but somewhat beyond what was shared) with a COMAC-sponsored Chinese documentary on the evolution of commercial jet aviation. The first (June) session was about the time period from the DASH 80 through the 707, 727, and 737. In this second of the series, Peter Morton will talk about Boeing history focusing on the time period of the 747, 757, and 767.

Registration is required. Connecting from a computer that has the Zoom software installed would be useful so you can see and hear the presentation. If your computer has a camera (so we can see you), and a microphone (so we can hear you) that would be best. Connecting sound via phone is also an option if that works better for you than using a computer microphone and speakers.

Date: Saturday, July 17, 2021

Time: 9:00-11:00 AM

Cost: Free for now

Event Sponsor: Dave Anderson, American institute of Aeronautics and Astronautics

Register: Send the name of attendee(s) to reinweston@comcast.net at least one week before this event to register. Please add a comment to say you obtained this announcement from the BLN Newsletter and if you need help in advance preparing to get on-line. You need not be an AIAA member to attend.
