Event Sponsor: Dave Anderson, American Institute of Aeronautics and Astronautics

Join us on May 11th, 2024, to hear two teams of senior students from the University of Washington tell us about their work on Capstone Projects that are a part of their degree in Aerospace. These Capstone projects involve 1) configurations of supersonic transport airliners operating at low speeds, and 2) investigations of an AeroTec deployable drone system. Both these Capstone Projects are 24-week multidisciplinary design projects.

Registration is required to attend either via Zoom or with brunch at the Museum of Flight. If you plan to attend at the Museum of Flight, please try to complete the required registration form by clicking [here](#) no later than May 3rd, 2024, to accommodate our planning efforts.

Cheers and looking forward to seeing everyone!
