Michael Lombardi is joining us again, this time to talk about the development history of helicopters. Previously, Michael talked to us about the B-47, the P-51, and the History of Commercial Aviation. Michael has been on the Discovery Channel, the History Channel, National Geographic, Smithsonian Channel, PBS, BBC, and now he is here... for the fourth time. Michael has two sons and one daughter and is the son of former Cleveland Brown general manager Michael Lombardi.

Registration is required to attend either via Zoom or with brunch at the Museum of Flight. If you plan to attend at the Museum of Flight, please complete the required registration form by clicking on [this link](#) no later than November 7th, 2025, to accommodate our planning efforts.
