# WOMENbuild

**MAY 6-13, 2023**

### What is Women Build?

Women Build is a national program with Habitat for Humanity International that empowers women to help families build strength, stability, and self-reliance through shelter. Habitat for Humanity's 14th annual National Women Build Week invites women to get involved – devoting at least one day to help build decent and affordable housing in their local communities. For more information contact: Tom Dodt at [buckeyetom81@gmail.com](mailto:buckeyetom81@gmail.com)

Nationally, more than 60% of Habitat partner households are women-led. Over half of Habitat's volunteer labor is provided by women.

Each year, we honor the central role that women play to *empower one another, make an impact, and change lives.*

Join us for our 16<sup>th</sup> annual Women Build to learn and share skills, support local women homeowners, and build up our community of King County women together.

### THE RIPPLE EFFECT – KUOW Streaming program (50 min)

The Seattle area is growing. Because we're not building enough homes, people are getting pushed farther and farther out. This is the ripple effect of growth. In KUOW's four-part series "The Ripple Effect," reporter Joshua McNichols covers the issue and explores some potential solutions.

One of the potential solutions is Habitat's philosophy shift of "build up not out". The success of the Maldonado family situation in Renton presented.
