

Congregations for Kids – Aug 2023

Early donations have begun! Congregations for Kids' 28th annual Good Start Back to School project will provide around 2000 students from low-income families in the Bellevue School District with backpacks and additional school supplies for home use. These students' backgrounds vary. Some are refugees from Ukraine or violence in other countries; some are escaping domestic violence; some are homeless. All are experiencing poverty. These backpacks and school supplies give them a lifeline to normalcy. A \$16.00 donation will purchase one backpack. To donate, go to Congregations for Kids – Washington Gives . Thank you
