

## **September 21st Topic: Why is insurance important in financial planning?**

**Insurance isn't just about planning for life's worst-case scenarios.**

**Insurance is your financial plan's safety net.**

### **Life-Health-Property Insurance**

Having the right insurance at the right amount protects you and your family from unforeseen events and provides a baseline financial cushion. Insurance can even be used to diversify your portfolio, add some predictability and reduce your tax burden.
