

## Keith Coats 2022 Leadership Presentations

Keith Coats, leadership expert, presents nine workshops in 2022.

Keith Coats is a futurist and leadership expert, with global experience as a presenter, facilitator, and author. Keith shares his experience with audiences around the world, helping them understand the leadership response to a global context of change, complexity, and uncertainty.

Keith's research has clearly identified the key-defining factor for a successful leader in the 21st century is the ability to learn, grow, and be adaptable. He believes that leaders need to have access to new frameworks and thinking in order to successfully lead into the future.

The greatest threat for most leaders right now is not the turbulence in their marketplaces and industries, but rather applying yesterday's logic to tomorrow's world. The global context, complexity, and connectedness present entirely new challenges for contemporary leaders. Keith works with clients around the world to show them how to respond.

Coats' presentations focus on the need for leaders to learn, grow, and be adaptable. The sessions are free for BLN and BLNR.
