

TELOS: Retiree Learning Classes at Bellevue College

Bellevue College Continuing Education offers a variety of compelling and fascinating courses for retirees, semi-retirees and active seniors.

The TELOS program, operating since 1976, is designed to focus on learning, growth, and fun — not performance. Our non-graded, non-credit classes are offered during the daytime and taught in a relaxed atmosphere. Courses generally meet for an hour and a half each week, and are 8 weeks in duration (for a total of 12 hours). New and engaging courses are offered each quarter. With as many as 50 courses offered each quarter and over 1000 students participating in TELOS, this program is bound to offer a course and community that is right for you!
