Health Advisory

- [DOH: Proactive Steps to Prevent Viruses](#)

December message from Executive Liaison, Sharon Lucas: December is a month typically filled with traditions, family gatherings with loved ones and an overall opportunity to reflect on the journey you have traveled the last 12 months. We have had a great year! Our event offerings have continued to expand to new offerings for our membership! We continue to share news on health and wellness, travel news, financial wellness seminars, being available to BLN members for mentoring opportunities, and continue to increase our community outreach with intentional gift matching contributions to various local and national organizations.

To my awesome executive BLNR board, our event coordinators, and of course our webmasters who ensure we have a presence on the web with information that is always up to date, and last but not least, thank you - **our retirees** for being part of our community and your membership - **thank all of you for your dedication & support in 2023! More to come in 2024!**
Until next time...

Happy Holidays to you and yours!

Sharon Lucas
