July Message from Executive Liaison Sharon Lucas:

Hello BLNR Members -

I can't believe we are already seven months into 2024! Summer has arrived, June has flown by and Independence Day has come and gone. But looking ahead, we still have some great events for you to check out and get involved with. For example, we have the upcoming ***Thriving in Retirement workshop(s)*** being held at the University of WA - Bothell Campus. In addition, we have our own, ***Christi King and Susan Ireland*** are being tapped to be the guest speakers at the upcoming joint ***BLN and BLNR Membership Drive/Retirement Seminar*** which will take place at the end of July. Also, we are hosting a ***Habitat for Humanity Build Day in August***. Last, if you are interested in ***BLNR attire, check out the newly launched Boeing Leadership Network Apparel website!*** (Note: The site is managed by a 3rd party - neither BLN or BLNR will make any revenue from purchases on the site). Check out our website for additional information and to learn about our other wonderful events that are on the horizon these next couple of months. Until next time...Thanks for your membership and support to the BLNR Community!
