### ***June Message from Executive Liaison Sharon Lucas:***

Hello BLNR Members -

Hope your Summer is off to a good start! Wine lovers...check out our upcoming June Wine Appreciation Event. Looking for Financial Seminars? We have an exciting six-week financial webinar lined up for you. Or if you would like to catch up with fellow retirees and live on the North end, you are in luck...we have a joint (BLN and BLNR) Membership Retirement Seminar taking place on July 30th in Mukilteo! Information on all these great events and more, can be found on our BLNR website.

Last, I thought I would share a comment from a CNN Travel Reporter as part of my message this month to encourage you to take to the skies: *"If you plan on taking to the skies this summer, rest assured, you will not be alone. US airlines are predicted to carry [more than 270 million passengers](#) from June 1 to August 31, according to an industry trade group. That's a more than 6% increase from last summer, and a new record."* Courtesy of CNN Andrew Torgan.

Until next time...Thanks for your continued support and BLNR membership!

Sharon, ([4sharonlu@gmail.com](mailto:4sharonlu@gmail.com))
